Vivek Dasari

Analyst/Software Engineer

Base Location: Hyderabad

Email ID: dasari.vivek@capgemini.com

Mobile No: +91 9063600419

Grade: A4

Strengths

- A self-driven learner with Front-End and Back-End knowledge. Passionate about implementing and launching new projects.

- Ready to learn new technologies/Frameworks and implement them to further improve my knowledge.

- A team player with good communication skill always ready to work for the enrichment of knowledge.

- Has working knowledge on React JS and Java Microservice Development using Spring framework on an Intermediate level.

- Also Implemented Spring Boot in our case study.

Achievement

Asset Management System Application

Completed end to end case study of Asset Management System using Spring boot microservices with Apache tomcat server. React JS and Bootstrap are used for User Interface. The website can be used by Admin to manage the movement of assets between the warehouses, by warehouse manager to edit/search/view assets and by user to search and view assets.

Coded and designed Static Web Pages
Developed website with HTML5, CSS3 and React JS as a JS library to make website more interactive and dynamic.
